Subject: Final Extension and Requirement for Reclamation, White Cap Mine,  
S0150047, Emery County, Utah

Dear Mr. Larkin:

Your last email indicated that the intended arrangement with Nielson Construction to take over the White Cap #8 mine had not come to fruition and you now plan to reclaim the site. Because of the deviation from the Stipulation Agreement associated with Cause Number S/015/047, you will need to appear at the February Board hearing to justify your further extension.

Regardless of the outcome of the hearing, the Division anticipates the reclamation of the entire White Cap #8 mine site to be completed by no later than April 1, 2007. The Bureau of Land Management is also requesting that reclamation be completed by this date. Should reclamation not be completed by April 1, 2007, the Division will commence procedures under the authorization in the prior Order to forfeit the bond and to reclaim the site.

We hope for a speedy resolution to this situation. Please call me at (801) 538-5325 if you have any questions.

Sincerely,

Daron R. Haddock  
Permit Supervisor
